Miss Hattie L. Wood entertained Tuesday with an elegant dining in honor of her visiting guest, Mrs. Alice H. Evans.

The following "special" appeared in last afternoon's Cincinnati Post—
GOT BACK HIS PIN

Covington Man Was Offered \$200 Not to Prosecute, But Says He'll Open Up a Lot of Trouble.

MAYSVILLE, KY., Nov. 24.—It developed today that William R. Varian, a dry goods drummer of Covington, who had a diamond pin nipped while en route here about two months ago, was surprised last Saturday when a well-known Democratic politician was found waiting in Varian's home and returned the pin, with a proposition to give Varian \$200 not to prosecute Thomas Lowry, who is in Jail here, charged with nipping the pin and passing it over to a confederate, who jumped from the train. The deal was tried through several Democratic politicians in Covington.

Varian says he will appear here at the trial and expose every man connected with the return of the pin. The man who had possession of the pin is unknown to Varian.

[Mr. Varian, who was in the city this morning, says that he does not intend making trouble for anyone, further than prosecuting the criminal to the fullest extent of the law. He was given the pin by a resident of this city who was acting for others. The diamond pin was delivered to him in his own parlor in Covington in the presence of ladies, but he would make no concession, and told the medium of its return of his intention to prosecute the thief. He was not offered \$200, but offered compensation for whatever expense he had been put to, to which he refused to accept, as he only wanted his own property.—REPORTER.]

The Best Remedy for Croup.

From the *Albion (Kan.) Daily Globe*.
This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for croup, known as hive syrup and jolu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by J. Jas. Wood & Son.

Ray's fine Chocolates are the best.

The many friends of Attorney William D. Cochran will regret to hear that he has been quite ill for several days.

Never compare prices without comparing quality; you will find more difference in quality than you will in price. See our monuments and markers before buying elsewhere.
MURRAY & THOMAS.

Mrs. Thomas Quantrell died at the Ohio Odd-fellows Home at Springfield Monday at the age of 84. Mrs. Quantrell went to the Home three years ago from Lexington. She was the mother of William Clark Quantrell, the noted guerrilla, who terrorized Kansas, Missouri and Kentucky during the late war.

Friends are in receipt of invitation to the wedding of Miss Eva Armstead Purnell to Mr. Solomon Mullen, which will take place at the Emanuel Episcopal Church in Opelika, Ala., on Thursday afternoon, December 3d. A Good Name.

From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease.—W. T. Easton, Boone, Tex. Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effectual. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge or weaken, but cleanse and strengthen. Sold by J. Jas. Wood & Son, Druggists.

AN IMPORTANT ITEM.

It's the handwork that tells in Wooltex Clothing and it is the unusually large amount put on Wooltex garments that distinguish them from other ready made Coats and Skirts. Wooltex Clothing is shapely in the beginning and keeps its shape. Hand-padded collars, hand-made button-holes, all seams sewed with silk thread details, but not trivial by any means for they are the things that make Wooltex garments look well as long as they are worn. They are the details lacking in the clothes that get out of shape and tempt one to throw them aside before they have half finished their rightful service. This is the only house in Maysville that carries Wooltex garments. See the Coats we sell for \$10. See the Skirts we sell for \$5. See the Suits we sell for \$15. Learn what it is to be perfectly satisfied with your clothes, as well as the price you pay for them.

RELIABLE HOSIERY.

They are well made and they are comfortable—no rough seams or knots to cause trouble. Accurately shaped too—even the lowest priced stockings fit. We are most particular about it. And

"MACBETH"

John Griffith, a man of unmistakable dramatic instinct and wonderful intelligence, appears here on Thanksgiving evening, November 26th, as Macbeth. Mr. Griffith is a recognized star, he is handsome, quick, magnetic and consistent, indicating by swift touches and well toned elocution the meaning of the situation. Mr. Griffith plays with a dash and agreeable truth, his fine figure, expressive face, contribute materially to the character deception, and a deep, well modulated voice adds to the general impression of fitness. Seats on sale at Ray's Drugstore.

MILLIONAIRE'S POOR STOMACH.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25¢; regular size, 75¢. At Henry W. Ray's, next door to Postoffice.

The same holds good with all our other departments.

Our Shoe Department

Though only a few years old, commands the patronage of the public. Why? Because our Shoes are the very Best that are made in the country. Said a shoe merchant some years ago, when asked why he did not provide better Men's Shoes for the Maysville trade, "Oh, we could probably sell two or three pairs of \$5 or \$6 Shoes, and you know that wouldn't pay." Today we sell as many \$5 and \$6 Shoes as we sell of the \$3 quality. We knew what kind of Shoes people want.

October shows the largest sales of any month in the history of this store, and November is going to outdo October. Said a traveling man to us, "Why do you have a sale this time of the year?" We told him that we had no sale; it's our regular trade plus the new people that are finding us out. He was astonished, for he said he had been in the other stores and there was "nothing doing." Rest assured that there is

HON. ROLLA K. HART was beaten for Railroad Commissioner for this District by only 8,272.

It comes from London town that the stove-pipe hat is on the way to oblivion, and that the cap will soon be the proper caper for a gentleman's lid.

WHILE the politicians are figuring out who will be nominated for the Presidency, the printer is figuring how he will get a Thanksgiving turkey.

ONE of the creditable things about President ROOSEVELT is that he does things without waiting for the lawyers to interpose their hair-splitting objections.

LOUISVILLE had five fire alarms in one day—in order, probably, to give her looting firemen ample opportunity for laying in their supply of Christmas gifts.

THE streetcar strike in Chicago is getting interesting. The policemen have begun shooting at the fellows who throw rocks at cars and pile rails on the tracks.

A COMMISSION at Johannesburg, S. A., reports a shortage of 241,000 laborers. There's several chances for some of the industrious loafers of this city who are now out of election jobs.

Is it not time to abate the CARRIE NATION nuisance by consigning the poor creature to a sanatorium?—*Courier-Journal*.

In view of the fact that aunt CARRIE was in the Senate at Washington a few days ago, The C.J.'s inquiry seems superfluous.

THE Commissioner of Pensions has decided that the Mexican War veterans who are on the rolls at \$8 a month are entitled to an increase to \$12 a month, despite a conflict of declarations as to what constituted the sixty days service required of these veterans.

SPECIFIC charges have been filed against nineteen of Louisville's political firemen who looted the burning stores in the Masonic Temple fire. They thought, evidently, that they were as safe in stealing opera-glasses and shoes as they had been in stealing a few hundred votes at the election.

THERE had so long been such ominous silence that THE LEDGER feared Colonel TOM CAMPBELL had gotten lost in the shuffle. The cheering news comes, however, that the eminent fixer of Juries and annihilator of Court-houses is taking a winter sail up the Mediterranean for the benefit of his shattered health. It is hoped, for the sake of the fishes and Italian drinking water, that the ship will not sink.

SENATOR NEWLANDS, author of the resolution annexing Hawaii, has introduced a joint resolution inviting Cuba to become a state of the United States upon terms of equality with the states of the Union. It provides that Porto Rico shall become a county or province of Cuba; that all the present officers of Cuba shall retain their positions till their terms expire; that the present rural guard of Cuba shall be incorporated into the Army of the United States; that the money in the Cuban treasury shall become the money of the state of Cuba.

An appeal has gone from Berks county, Pa., to the Supreme Court of the United States to determine whether MARGARET CUNNIUS, formerly of Reading, now living in Sacramento, Cal., is legally dead or alive. For years she was supposed to be really dead, but she was not. The Superior Court of Pennsylvania decided she was legally alive. The Supreme Court of the state, however, decided she was dead again. MARGARET herself thinks she knows that she is alive, but she now asks the highest Court in the land to find out if she really is living.

SHALL PARTISANSHIP OBSCURE THE ISSUE?

Atlanta (Ga.) News.

There is something wearisome in the servile chorus of abuse with which the President has been assailed in connection with the new Republic of Panama. This has taken shape along two lines; first, it has been charged that the revolution was inspired and practically devised by the Washington Government, and second, Mr. Roosevelt is denounced for having acted with indecent haste in recognizing the new Republic. Out of the mass of veiled allusions and portentous hints as to the criminal participation of this Government in the coup d'etat, there has not come one substantial fact to bear out the contention, and surely if it had existed the fierce light which has been turned on the affair would have exposed it long ago.

The very course of events has more than justified the President's prompt recognition of the de facto government of Panama. It is clear that the new Republic is, and was from the beginning, well established, and that there was no other authority in the territory in question with whom we could treat.

In the petty quibbles dictated by a blind, imitative partisanship, the merits of the Panama struggle seem to have been entirely overlooked. It has been abundantly shown that the people of that province have been groaning under the yoke of oppression for years. Its rich revenues were turned into the common coffers for the benefit of Colombia, while nothing whatever was done in return for the tributaries. Even the most indispensable of public works were not carried into execution. A general air of desolation and decay prevailed everywhere, and, to crown all, the magnificent enterprise which not only means so much to Panama, but has been one of the world's splendid dreams for generations, was wantonly, and no doubt corruptly, stifled by the combined stupidity and greed of Colombian officials.

The reasonable expectations and the just demands of Panama, in matters great and small, both recent and remote, were bluntly and hopelessly disappointed. Nay, more. It is true—and why deny it?—that an oppressive gloom hung over the people of the United States, and in a measure over the whole world, only a few short weeks ago, when the Colombian Congress had rejected our canal treaty and adjourned, when it seemed that the interminable fight between the two routes was to be reopened and that we were, in fact, no nearer the realization of our dream than we were fifty years ago. The whole country felt a sickening sense of despair.

The sudden turn of affairs was like the shadow of a great rock in a weary land. A hopeless prospect was converted into one of almost absolute certainty, and today the American people know that the canal will soon become an accomplished fact.

And yet, what is the conduct of a certain class of impulsive, irrational partisans? Instead of rejoicing at the good fortune which has come upon us—one of those things which the Lord sends and the devil brings, if you will—they stand off and make faces at the Administration which happens to be in power when this lucky progress of events reaches a culmination. They work themselves into a pious frenzy worthy of a better cause to cook up a party issue which is much more likely to prove a boomerang than otherwise. Instead of lending force to their just censure of real blunders by magnanimously conceding the wisdom of the Administration's policy where it is due, they rush off into fatuous antics, contradictory and transparent, which must make our political enemy recall Grant's dictum that "you can count on the Democratic party to make a fool of itself in the hour of victory."

The monumental absurdity of it all is that Southern newspapers should join in the clamor. It does not lie in the mouth of any patriotic American to question the right to revolt against tyranny and oppression. Surely it is not the province of Southern people to denounce and discredit a secession which, it has been well said already, forces a Republican Administration to vindicate our own course forty years ago. The necessities of the case should cause our friend the enemy to spend bad quarters of an hour, and yet we have seized upon the other horn of the dilemma. Instead of chuckling at its unconscious recognition of our old contention, we denounce its course and discredit, at one fell swoop, our former history and our future hopes.

For surely no people on earth have greater reason to rejoice at the prospect of piercing the isthmus than we who are at its very gates and are to catch the first fruits of the new prosperity. We shall be in the very bed of this fruit-tasting gulf stream of commerce. Some important city on our Southern coast will be the great entrepot of the world's trade, with proportionate advantages distributed all over the Southern states. The cup is to be inverted and our lips are to be at the brim. The great commercial highways whose general course has been between New York and the Golden Gate must be deflected to the South. It is the final answer to a long and earnest prayer.

And here we sit snarling and whining in partisan rancor, a spectacle for gods and men!

O fools and blind! We are defeating our own ends. We are pushing into prominence an incident which we cannot afford to make an issue and losing sight of flagrant blunders and abuses which should drive the Republicans from power. Dominated by Trusts, gangrened with graft, its executive exponent coddling us with social equality at every opportunity, the Republican party is vulnerable at a hundred joints in its harness. They are real issues which clamor for settlement and which the American people are in a mood to settle right. They rest on no vague suspicion, like that as to some over-cunning hand being at work in Panama. They are evils which will be here long after the canal is in successful operation unless the people rise up and repudiate them.

This is no time, therefore, for us to be diverted. We are playing into the hands of the enemy, and they are secretly rejoicing. Let us adhere to the issues which are clear and just, and the mutterings heard at the polls two weeks ago, at which the party in power very properly feared and trembled, will swell into the wrath of the whirlwind when the decisive hour comes.

We Are Thankful

For a patronage that has exceeded our most extravagant expectations so far. The New Shoe Store intends to show its appreciation in a more substantial way by and by. Disregard our frequent invitations to trade here and you lose an opportunity to share in the \$150 Christmas affair.

Absolutely Pure.
THERE IS NO SUBSTITUTE

A bazaar will be given by the Sewing Society of the Bethel Baptist Church tomorrow night. It will open with a grand song recital. Among the many numbers the celebrated "Inflamatus" will be rendered. Admission free.

The Directors of the Y. M. C. A. are exceedingly anxious that the \$1,000 needed from subscription be secured and collected by December 1st. Yesterday they lacked \$340 of the required amount. The Committee out soliciting raised \$165, thus reducing the sum needed to \$185.

Latest News

A mine explosion occurred near Dubois, Pa., yesterday afternoon. It is reported that several men have been killed.

The Chicago streetcar strike has not been settled yet, the end seeming as far away as at anytime since the men quit work. Yesterday the police received orders to shoot to hit.

At Portsmouth, O., Mrs. Rosa Mershon, hotel proprietress, created a sensation by boldly walking into a saloon, embracing and kissing her husband, Clay Mershon, from whom she separated some months ago. Mershon's attention to another woman has caused the wife to grow jealous.

Stephen Gammon, aged 41, a weak-minded farmer of Fullerton, Ky., died Monday night of paralysis, caused by drinking a quart of whisky. He sat in the village store with a group of loafers, and, saying he was thirsty, drained the bottle to the last drop. In a few minutes he fell to the floor speechless and unable to move a muscle.

Governor Wells has ordered the entire National Guard of Utah to the scene of the strike in the coal mines at Sunnyside, Castle Gate and Seefeld. The order includes artillery and cavalry. The Governor announces that unless the strike is settled within a week the Legislature will be convened in extra session to provide for keeping the militia at the scene.

John Bowman, a desperate criminal who escaped from the Lewis Jail a week ago, was arrested at Kelley's lumber camp in West Virginia Monday night and lodged in the Catlettsburg Jail yesterday morning. Bowman shot Hon. Mordecai Williams of Normal two months ago while attempting to rob his house. He was in Jail, charged with horsestealing and shooting with intent to kill.

Fourteen men are believed to have been killed in an explosion in the mines of the Central Coal and Coke Company at Bonanza, eight miles South of Fort Smith, Ark., yesterday afternoon. The explosion was caused by a strike of gas in an entry of mine No. 20. Everything was blown out of the entry, but other portions of the mine were not affected. Fourteen men were working in the entry, and there is no hope of finding any of them alive.

The Effective Remedy

WASHINGTON, IOWA, April 4, 1903.

I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me.

The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 12 bottles in all I was as healthy and regular as any woman could wish to be.

My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.

June Root

GRAND WORTHY ASSOCIATE, SONS OF TEMPERANCE.

WINE OF CARDUI

Wine of Cardui cures nine out of every ten cases of the disorders of menstruation. These cures are permanent, whether the trouble is complicated or not.

Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes leucorrhoea, headaches, backaches and nervousness and eases the crisis attendant on the change of life.

Thousands of mothers besides Miss Root's sister have found grateful relief from the pains of childbirth and have had a quick and happy recovery from its use. You cannot afford to suffer when \$1.00 bottles are sold by all druggists.

Alexander H. Robertson, who in connection with Harry T. Duke, formerly of Maysville, was convicted of embezzling \$60,000 from the Wells-Fargo Bank at Salt Lake, Utah, a year or so since, was pardoned a few days ago as a reward for an heroic act. When the convicts at the Utah Penitentiary attempted to escape last month Robertson was the prisoner who rang the alarm bell. He risked his life to do this, as three desperate convicts were ready to brain him when he touched the alarm button. He had three more years to serve, but the Pardon Board unanimously decided to liberate him for his action.

MAIL CARRIERS

Appointments Made For the Rural Free Delivery in Mason

From Washington the following appointments are announced as Carriers on the new routes of the Rural Free Delivery mail service to be established next month in this county—

The Virginia for Pittsburgh passed up last night.

The Henry M. Stanley was up last night for Pomeroy.

The E. R. Andrews passed up for the Kanawha with empties.

The Otto Marmet took 23 loaded barges to the mouth of Kentucky river.

The Tacoma will be up tonight for and the Lizzie Bay down from Pomeroy.

The wickets in Davis Island Dam will be raised to keep harbor water at Pittsburgh.

The Keystone State went into Pittsburgh with a big cargo of turkeys for Thanksgiving eating.

The Queen City Marine Ways were cleared of boats Monday. The Levi J. Workum, Sunshine, and the coal digger Tornado were let down into the water.

The Robert P. Gilham passed up light for Pittsburgh, where she will get a fleet of new barges built there for the Campbell's Creek Coal Company and take them to Kanawha.

The present rise floated the Florence Marmet and she was towed to the Queen City Ways, where she will have her hull repaired. The snag which she landed upon is said to be eight feet wide and forty feet long.

The Defender of the combine, which has been lying at Cincinnati for the past three months, backed out into the river from the Millcreek Landing on Sunday morning with a tow of 22 empties and 2 fuel flats. Before she could get straightened around and headed up-stream she blew out a cylinder head. She landed her tow safely at the bank and will have to lay up until repaired. This is the second accident to the Defender since last August.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by J. Jas. Wood & Son, Druggists.

PECK AND HIS MOTHER-IN-LAW ABROAD.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

DR. LANDMAN,
CENTRAL HOTEL,
THURSDAY, DEC. 3, 1903.

The merchant who wishes to reach people who buy goods, puts his advertisement in a paper that people read; the merchant who throws his money away, gives his advertisement to the fakir who promises to put it on a card and hang it up on a street corner.

Not less than 5,000 people read THE LEDGER 112 days in the year. This makes a total of 1,560,000 readers in a year.

Do you want your name and business repeated that often within the next twelve months?
